MESH EYEWEAR

The 800 Hornet mesh glasses and the 887 Fortress mesh goggle are manufactured with 20 gauge, coated wire mesh lens.

Both have been tested for medium impact resistance as per AS/NZS1337.1 at 40 meters per second. It has also been tested at 60 meters per second without exceptions.

Mesh eyewear provide you with the ideal in anti-fog solution as the humidity build up quickly abates through the mesh screens.

Both the Fortress and Hornet comes with a positive foam seal to provide back and side lens protection from swarf and other flying particles. With the adjustable length and heavy duty strap, the Fortress is a very comfortable wearing goggle.

HARD HAT REFLECTIVE STICKERS

- Super strong adhesive
- Pre-cut to fit on the HammerHead and Slider helmets
- Supplied as a set of three with two curve and one straight

These stickers have 700 CIL when measured at an observation angle of 0.2° and an entrance angle of 4.0°, exceeding the requirements of AS/NZS1801 for retroreflective material.

When the stickers are applied as shown, your helmet has a full 360° exposure making the helmet ideal for use in night conditions or low light conditions.

CODE	DESCRIPTION
HMRS	Set of 3 Reflective Stickers (2 Curve + 1 Straight)

CAP LAMP HELMETS

4 COLOUR PAD PRINTING

Take advantage of our in-house pad printing machine by providing your logo in AI or EPS formats with Pantone colour codes.

Customise the HammerHead, Slider or Stingray helmets with logo printing.

We can print logos up to 4 colours.

Choose printing on the front, left, back or right panels.

Depending on the complexity of artwork and work loads, helmets can be printed within 24 hours from artwork approval.

W93 STRIKE BUMP CAP

EMBROIDERY SERVICE AVAILABLE

W91 DODGE BUMP CAP

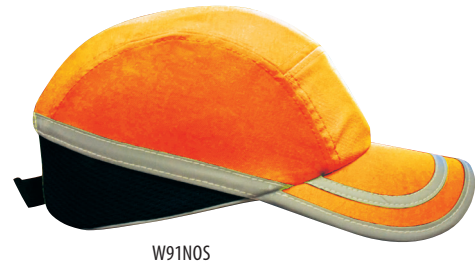

CE EN812:2012

EMBROIDERY SERVICE AVAILABLE

- Modern shape and peaked cap
- Comfortable wearing
- Sports cap
- Protects against scalp lacerations
- Minimise possible lateral impacts
- Great EVA foam padding on skull and exterior
- Fully ventilated with 8 ports
- Free size
- 100% cotton
- Cotton blend for the Hi Viz colours
- Different peak lengths available
- ABS plastic shell
- EN812 Tested and approved

APPLICATIONS

Great to use in confined environments:

- Roofing contractors
- Mechanics
- Horticultural and agriculture arenas
- Road works
- Painters
- Scaffolders

Useful where wearing a hard hat is not required but head protection is warranted.

OPTIONS

The ABS Shell is easily removable.

This enables logo embroidery and or printing on the face, peak or hook/loop straps.

WARNING:

The W91 Dodge and W93 Strike are not an AS/NZS1801 Occupational Protective Helmet and should not be used in place of one.
